

Creating a Video Favorite Guide

The **Favorites** function enables you to set up cameras view from multiple locations in one window, allowing for easier monitoring of particular areas in your locations, such as back doors, offices, and lobbies.

Content

In this guide, we will cover:

- [How to Add a New Favorite View](#)
- [How to Edit, Share, or Delete a Favorite](#)

How to Add a New Favorite View

To add a new favorite view, select the green **ADD VIEW**  **ADD VIEW** button. A new window will pop up. First, name the view, and then select the desired cameras using the **Location** search box. You can optionally add users to share the view with using the **Share to** box. Click the **CREATE** button to save the view.
